e-Mail: rick.dixon@resnet.us

Proposed Title: BSR/RESNET/ICC 380-2016 Addendum A-201x Attics & Crawlspace

Proposed Purpose: The purpose of the changes is to clarify the treatment of certain building components and spaces during testing and the calculation of essential parameters and to make other clarifications as necessary for the implementation of Standard 380.

Proposed Scope: Revise Standard ANSI/RESNET/ICC 380-2016 to clarify treatment of attics and crawlspace in testing and calculations and other clarifications essential to the implementation of Standard 380.
