

Monday February 27th Schedule

BREAKFAST IN RIO GRAND EXPO HALL									
GENERAL SESSION GRAND BALLROOM									
	Sabine	Pecos	San Marcos	San Antonio	Trinity A	Trinity B	Glass Oak	Wedgewood	Nueces
7:30-8:30 AM									
8:30 AM-10 AM									
10:30AM-12PM	Marketing Energy Efficiency to Homebuyers <i>CR Herro</i>	Marketing Energy Code Testing & Inspections <i>Brett Dillon, Rob Moody</i>	Make Money on Your Cell Phone <i>Wally Conway</i>	The Truth behind the Walls <i>Peter Hopkins</i>	AC Systems Best Practices: How to Evaluate and Optimize Peak Performance <i>Bill Spohn, Joe Kuonen</i>	Energy Disclosure Policies: How to Gain Traction <i>Richard Faesy, Caroline Keicher, Tim Kisner</i>	LEED for Homes 2012: A Rating System Update in a Transforming Market <i>Asa Foss</i>	Measuring Air Leakage in Residential and High-Rise Buildings- in everything from a dog house to the White House <i>Colin Genge</i>	
12-1:30 PM	LUNCH								
1:30-3 PM	The Need for a Market Based National Label for Home Energy Performance <i>Jacob Atalla, David Kaiserman</i>	Overdue Recognition for Attic Rats and Crack Fillers. RESNET's New Energy Retrofit Certificates <i>Brett Dillon, Rob Moody</i>	Efficient New Homes in Young Markets in Changing Times <i>Kathleen Greely</i>	Energy Codes- IECC 2009 and 2012- What are the big changes? <i>Mike Barcik</i>	Energy Improvement On Bill Financing for Rural Electric Cooperatives - A Time That Has Come <i>Brian Cavey</i>	Designing for Dewpoint <i>Dennis Stroer, Kristof Irwin</i>	ESv3 from a Raters Perspective <i>Robby Schwarz</i>	Working Through ASHRAE 62.2 <i>Paul Raymer</i>	Industry Collaborations to Advance High Performance Homes- Panel Discussion
3:30-5 PM	What's Going On - Legislation to Provide Financing for Improving Building Energy Performance <i>Carl Chidlow</i>	Making the Grade: Insulation Installation <i>Brett Dillon, Charles Cottrell</i>	Advanced Thermography Investigations <i>Jay Bowen</i>	Decoding Thermal and Ignition Barrier Requirements for Spray Polyurethane Foam <i>Rick Duncan</i>	NATE's new HVAC Performac Verification Certification and you <i>Peter Schwartz, Pat Murphy</i>	COMNET Commercial Buildings Energy Modeling Guidelines and Procedures <i>Charles Eley</i>	DOE's Builders Challenge: Recognition for America's Leading Edge Builders <i>Sam Rashkin</i>	3 Essential Components of a Successful Green Business <i>Mike Collignon, Ron Jones</i>	What's New in 2012 IECC and an Update on the U.S. Department of Energy (DOE) Code Development Activities <i>Pam Cole Jeremy Williams</i>
5:30-7:30 PM	RECEPTION RIO GRAND EXPO HALL								

Tuesday February 28th Schedule

BREAKFAST IN RIO GRAND EXPO HALL									
	Sabine	Pecos	San Marcos	San Antonio	Trinity A	Trinity B	Glass Oak	Wedgewood	Nueces
7:30-8:30 AM									
8:30-10 AM	Using the RESNET HERS Index Attract Buyers <i>Jacob Atalla, Jim Peterson, Orlo Stitt, Mike Funk</i>	Manual J Verification <i>Brett Dillon, Dennis Stroer, Wes Davis</i>	How RESNET Raters Can Work Effectively with NARI Members <i>Paul J. Zuch</i>	Meeting 90% Code Compliance with HERS Raters <i>Richard Faesy, John Umphress, Mike Barcik</i>	High Performance Wall Systems: How to Achieve the Best Results on a Budget <i>Kyle Crompton</i>	Train the Trainer Sales Session – Learn the skills to help your builder sell ENERGY STAR to homebuyers <i>Gord Cooke</i>	ENERGY STAR in 2012: the Team, the Spec, and the Value Proposition <i>Dean Gamble, Jon Passe</i>	How Are You Going To Manage All That Paperwork? Practical Software Solutions <i>Robert Burns, Daran Wastchak, Tom Hines, Steve Byers</i>	How Drain Water Heat Recovery is incorporated in ENERGY STAR V3 <i>Rod Buchalter</i>
10:30AM-12PM	The SAVE Act - Mainstreaming Building Performance into the Mortgage and Appraisal Industry <i>Robert Sahadi, Ken Gear</i>	Multifamily Buildings: Labeling and Energy Efficiency Beyond Residential Spaces <i>David Ruggiero, Gayathri Vijayakumar, Michael Flatt, Ted Leapkey</i>	Making Data Easier <i>Greg Thomas, Robin Lebaron</i>	ACCA's New ANSI Existing Home Evaluation and Performance Improvement Standard – What It Means to Certified RESNET Raters and Energy Smart Contractors <i>Wes Davis</i>	Using infrared thermography all year long <i>Matt Schwoegler</i>	Introduction to High Performance Homes and IAQ – The Implications of the EPA Indoor Plus program. <i>Gord Cooke</i>	Home Energy Rater Essentials for Version 3 <i>Jennifer James, Jake Titus</i>	The Revision of RESNET's Rater Training Standards- Rater Trainer Roundtable <i>Darrel Tenter, Mark Jansen</i>	RESNET Raters and Spray Foam Contractors – Partners in Home Performance <i>Paul Duffy</i>
12-1:30 PM	LUNCH								
1:30-3 PM	Internet Marketing 101 for Home Performance Raters, Auditors and Contractors <i>Allison A Bailes, Peter Troast</i>	RESNET Energy Modeling: Not Just for Breakfast Anymore <i>Brett Dillon, Rob Moody</i>	The changing role of a rater <i>Daran Wastchak</i>	Don't do what I did - Critical Paths to Business Success <i>Steve Byers</i>	The Art of Building Science- Moisture Flow <i>Lucas Hamilton</i>	Advancing the IAQ Conversation – Cost-effective solutions <i>Gord Cooke</i>	Program Panel: ENERGY STAR Version 3 Builder Leaders <i>Jacob Atalla, Kreg Connor, CR Herro, Travis Pate, Bill Stegall/Keith Anderson</i>	Energy Efficient Mortgages - New and Existing Homes - How to help Finance Energy Efficiency Improvements <i>Walter Cuculic, Stuart Williams</i>	Seeing Beyond the Glare of EcoBling Sensible Leadership in Green Building for 2012 and Beyond <i>Peter Pfeiffer</i>
3:30-5 PM	Overcoming Valuation Barriers and the Stakeholder Solution to Market Transformation <i>Lee Ball, Nick Hurst, Chuck Perry, Victoria Bloise</i>	A Summary of Fifty Years of Radiant Barrier Research <i>Mario A Medina, Bill Lippy</i>	Build a Successful Home Performance Team <i>Wally Conway</i>	How much is the Air Infiltration?-Field and Lab Results for Three Different Scenarios <i>Linda Jeng</i>	Rebates and Incentives - WTF (Weatherization through Funding) <i>Lee Guthman, Lynton Karfor</i>	Mechanical Ventilation – The right options for the right climate zone to optimize ENERGY STAR V3. <i>Gord Cooke</i>	Getting the Home Envelope Right: The ENERGY STAR Thermal Enclosure and Water Management Checklists <i>Rick Gazica, Charlie Haack</i>	RESNET Quality Assurance Designee Roundtable <i>Clinton Heyn</i>	Low cost ducts in conditioned space <i>Ken Fonorow</i>
7-11 PM	Charter Buses going to Downtown Austin								

Wednesday February 29th Schedule

BREAKFAST IN RIO GRAND EXPO HALL									
	Sabine	Pecos	San Marcos	San Antonio	Trinity A	Trinity B	Glass Oak	Wedgewood	
7:30-8:30 AM									
8:30-10 AM	Differentiating Yourself by Building Efficient New Homes- Learn the Tools Nevada Homebuilders are Using to Effectively Sell Profitable, High-quality Homes in the Nation's Worst Housing Market <i>Doug Eddie, Steve Hofer</i>	Unvented Attics using SPF: Best Practices for New Construction and Retrofit Applications <i>Brett Dillon, John Linnell, Michael Strohecker, Daran Wastchak</i>	For Homes with Swimming pools - Capture these enormous savings <i>Jeff Farlow, Steve Easley</i>	Managing and Growing Your Rater Business <i>Matthew Cooper</i>	The Devil in the Details; The Finer Points of Air Sealing <i>Jeff Boone</i>	Basement Floor Insulation - How and Why <i>Dan Tempas</i>	Marketing to Homebuyers: Capitalizing on the Compelling New ENERGY STAR Value Proposition <i>Jon Passe, Brian Ng</i>	Path to CHERS- Comprehensive Home Energy Rater for CAZ & Workslope <i>Rob Moody, Doug Donovan</i>	
10:30 AM-12PM	Growing Green Jobs: The Economic Impact of Auditors & Raters <i>Bill Streetman</i>	Performing Quality Assurance: How to Survive the RESNET Process <i>Brett Dillon</i>	A 250 Home Energy Rating "Case Study", The City of Scottsdale Shares The Results <i>Daran Wastchak</i>	HERS Rating Software Forum <i>Brian Moy, Rob Salcido, Jeff Sonne</i>	Energy Audit Round Robin Results - "A study in uncertainty" <i>Andy Gordon, David Holes, Duncan Prah, Michael Lubliner</i>	Partnership For Success <i>David Beam, Amy Goforth</i>	Critical Details in the HVAC System Quality Installation Rater Checklist <i>Dean Gamble, Steve Saunders</i>	Efficient and Effective Whole-house Ventilation <i>Amy Musser, Ron Pariseu, Matthew Vande</i>	
12-1:30 PM	LUNCH								
1:30-3 PM	Top Ten Building Science Innovations for 2012: U.S. DOE's Building America Program Look Ahead <i>Eric Werling</i>	Lessons learned from the trenches - crawl spaces <i>David Treleven</i>	Assessing the Accuracy of Residential Building Energy Simulation Using a Large Empirical Dataset <i>Dave Roberts</i>	Building a QA Network <i>Abe Kruger, Glenn Pease</i>	Managing a Home Energy Upgrade Program <i>David Reed</i>	Air Seal and Establish a continuous Thermal Boundary at the Rim Joist, Top Plate, and Around Fenestrations <i>Adam Weesne, Scott Cummings, Linda Jeng</i>	Case Studies in Coordination: ENERGY STAR Partners and HVAC Contractors Working Together to Ensure Success <i>Greg Cobb, Mike Mancini, Daran Wastchak</i>	Airflow Measurement Techniques <i>Bill Spohn</i>	
3:30-5 PM	Understanding the Value of Indoor airPLUS Program: Strategies for Creating Healthier Home Environments <i>David Price</i>	PHIUS+ Certification: Quality Assurance for Passive Houses <i>John Semmelhack, Ryan Abendroth</i>	Build Affordable and Energy Efficient: A Case Study - Mason County Texas Habitat for Humanity <i>Keith Kaan, Michael Lopez</i>	SIPA Breakout Session <i>Al Cobb</i>	Energy Code Performance Compliance with the International Code Compliance Calculator-IC3 <i>Ed Dryden</i>	Verifying and Measuring Ventilation Systems <i>Chip Henderson, Carsie A. Hall, Geoffrey Zawacki</i>	ENERGY STAR for Multi-Family High Rise Buildings <i>Gayathri Vijayakumar</i>	Work Smart with Low Pressure Spray Polyurethane Foam <i>Leba Lualdi, Tim Kenworthy</i>
