## Proposed RESNET 2022 Activities Based Upon the RESNET Board's Adopted Priorities

October XX, 2021

**Priority:**

***Maintain and enhance the RESNET National Registry as a tool for quality assurance, data for publicly traded housing industry's' corporate Environmental, Social and Governance (ESG) reporting and research.***

Proposed Activities in Support of Priority

- Update RESNET National Registry Platform
- Work on improvements to the Registry for Quality Assurance Reporting
- Work with builders regarding data needs and research
- Oversight of data input accuracy

**Priority:**

***Enhance recognition of RESNET's Standards as the "Gold Standard" for inspecting, testing, and labeling a home's energy, water, and carbon performance.***

Proposed Activities in Support of Priority

- Complete standards updates as needed
- Developing infographics to promote RESNET Gold standard
- Develop collateral releases and earned media on HERS raters and the use of HERS ratings

**Priority:**

***Maintain the credibility of RESNET's Ratings & HERS Raters accuracy and consistency through quality assurance oversight.***

Proposed Activities in Support of Priority

- Complete annual Quality Assurance field and report reviews
- Develop required standards amendments for Quality Assurance
- Implementation of automated QA Tool improvements
- Implementation of Energy Modeler certification

**Priority:**

***Introduce new business opportunities for RESNET professionals.***

Proposed Activities in Support of Priority

- Implement RESNET/International Code Council (ICC) IECC Section 405 Compliance program
- HERS<sub>H2O</sub> marketing campaigns and advocacy to water districts to incorporate HERS<sub>H2O</sub> in their water efficiency programs
- Develop and Implement Carbon Index Program

**Priority**

***Grow the demand for HERS Rater's services through collaborations, communications, and advocacy.***

Proposed Activities in Support of Priority

- Collaboration with the Texas Association of Builders and HERS Raters to promote compliance to the new Texas energy code that recognizes HERS Index Scores as compliance option (HB 3215)
- Collaboration and advocacy with state and local governments and builders to promote HERS<sub>H2O</sub>
- Collaboration with local building departments for the ICC/RESNET IECC Section 405 Compliance Program
- Promote new opportunities for certified RESNET HERS Raters through programs such as IECC Compliance Designation and HERS<sub>H2O</sub>
- Collaboration with ICC on promotion of HERS Raters IECC code verification and advocacy of zero energy homes, water efficiency and low carbon home performance
- Collaboration with the Appraisal Institute to educate residential real estate appraisers on HERS Ratings as the key to valuing green homes
- Collaboration with Freddie Mac on valuing HERS Index Scores in mortgage financing
- Collaboration with the Leading Builders of America in having their members' homes HERS rated and coordinate policy advocacy.
- Collaboration with existing home programs such as Pearl Certified Homes on improving energy performance of existing homes
- Collaboration with the California Energy Commission on having the HERS Index recognized in California

## **Priority**

***Continue support the RESNET Software Consistency Committee.***

### Proposed Activity in Support of Priority

- Staff support of the RESNET Software Consistency Committee's activities

## **Priority**

***Develop a field manual for HERS Raters, RFIs and QAD's as a tool that allows them to easily and effectively understand RESNET's technical standards.***

### Proposed Activity in Support of Priority

- RESNET staff working with ICC staff on creation of the field manual

## **Priority**

***Foster energy efficient affordable housing through a collaboration with Habitat for Humanity International.***

### Proposed Activities in Support of Priority

- Development of an API to feed HERS data from RESNET's National Registry to Habitat for Humanity International for reporting and planning
- Promote Habitat for Humanity affiliates working with certified RESNET HERS Raters
- Collaboration with Habitat for Humanity International to promote HERS Ratings of Habitat Homes and producing affordable energy efficient homes

## **Priority**

***Position HERS Raters as the preferred "go-to source" for verification of IECC compliance for code officials and builders.***

### Proposed Activities in Support of Priority

- Continue IECC marketing campaign to reach local code jurisdictions and code officials
- Educate builders on why the certified RESNET HERS Raters is the right choice for energy code verification
- Educate HERS Raters of how to present themselves effectively to code officials

## **Priority**

***Maintain the RESNET web site – the primary form of communication between RESNET and its stakeholders.***

### Proposed Activities in Support of Priority

- Keep web site material relevant by making updates as needed
- Cyber protection and maintaining web site platform
- Monitor website analytics

Priority

***Improve water efficiency of homes via the RESNET water efficiency standard & HERS<sub>H2O</sub> Program.***

Proposed Activities in Support of Priority

- Work with water utilities on educating of the benefits of HERS<sub>H2O</sub>
- Develop tools for certified RESNET HERS Raters to market HERS<sub>H2O</sub> to their builder clients and local water utilities
- Strategically work with builders to promote HERS<sub>H2O</sub> in areas that are hardest hit by drought conditions

Priority

***Build cohesion in the HERS Industry through the annual RESNET Building Performance Conference.***

Proposed Activities in Support of Priority

- Deliver what RESNET stakeholders expect and will fit their needs
- Deliver safe and successful hybrid RESNET 2022 Conference

Priority

***Promote the use of HERS Index scores for publicly traded builders' ESG (Environmental, Social, and Governance) accounting and reporting.***

Proposed Activities in Support of Priority

- Compiling HERS data for builders and work with them on data analysis and data needs for ESG reporting
- Develop HERS Index Portal for Builders on homes they have built
- Maintain oversight of accuracy of data

Priority

***Create a Carbon Rating Index to be reported as part of the HERS certification report.***

Proposed Activities in Support of Priority

- Adopt ANSI Standard creating Carbon Index Rating Index
- Develop program for the Carbon Rating Index
- Collaborate with industry stakeholders on Carbon Index initiatives

Priority

***Maintain RESNET financial & management integrity and sustainability.***

Proposed Activities in Support of Priority

- Maintain financial oversight of RESNET's expenditures and investments
- Distributing monthly financial reports to RESNET Board
- RESNET Board approving annual budget and tracking progress
- Contract and work with independent auditor for RESNET's 2021 audit
