1. Please describe in light of the responsibilities of the RESNET Board why you are the right person to be a member of the RESNET Board of Directors

To be a board member simply means making decisions in the best interest of the nonprofit and not putting themselves first.

2. Why is this the right time for you to serve on the RESNET Board?

Over ten years of experience as a HERS-Rater and in business over three-decade makes me a good candidate.

3. Please explain your knowledge and/or experience in terms of each of the primary responsibilities of the RESNET Board

The two most important questions that each trustee should continually be asking are, "What is our mission?" and "Does this action serve the beneficiaries of our nonprofit?"

4. Describe your experience in either leadership and/or serving on the board of a non-profit organization.

I have innovative ideas, compassion for others, and infectious passion for the organization's mission and vision.

5. What would you contribute to the RESNET Board?

To advocate the third party verification with no conflict of interest.
