

Adopted by the RESNET® Board of Directors September 19, 2023

The organization's strengths are defined via the assets it has developed over many successful decades. Those key assets are:

RESNET Key Assets

HERS® Index adopted as the housing and finance industry recognized metric for a home's performance

Industry recognized Gold Standard for Quality Assurance (QA) of Ratings and automated QA system

Highly skilled and dedicated certified RESNET Raters

Legacy of 30+ years' experience with nearly 4 million homes rated and counting.

Partnerships within industry and with stakeholders

Highly qualified and experienced staff with very low turnover

RESNET National Buildings Registry

The diverse makeup of the RESNET Board

Recognized as energy metric for Sustainability reporting

Healthy Financial Reserves

Nationally recognized consensus standards that are referenced in the International Energy Conservation Code, EPA's ENERGY STAR and WaterSense programs and DOE's Zero Energy Ready Homes program.

National conference to build industry cohesion
