

# Why Should I Become an International Code Council (ICC) IECC/HERS Compliance Specialist?

BROADEN YOUR HERS RATER/RFI'S PORTFOLIO OF SERVICES TO INCLUDE CREDIBLE ENERGY CODE VERIFICATION

Gain the credibility of a HERS Rater/RFI with code officials through certification by ICC- the association of code officials and other building safety and sustainability professionals.

## Why Should I Add Code Compliance to My Services?

Untapped business opportunities - Able to tie in full HERS Rating with energy code compliance

Level playing field for competition

- Quality Assurance
- Homes will be able to be entered into the RESNET Registry and Accessible to Code Officials

Gain recognition with code officials

Special ICC/RESNET Section 405 Compliance Report produced by HERS software programs

In the future, no other code compliance reports via HERS Rating software tools

## What are the Benefits of Becoming an IECC/HERS Compliance Specialist?

ICC certification increases HERS Rater marketability to code officials and builders

Has portability – allows Raters to expand from HERS to code verification & is recognized nationally

Code officials are struggling to keep up with work and energy code is becoming increasingly complicated – HERS Raters can fill that need

ICC is trusted brand with code jurisdictions and building officials

Raters certified with code competency and reflects their credibility & knowledge
