

Jonathan Risch  
Arcxis  
Video Statement: none

**1. Please describe in light of the responsibilities of the RESNET Board why you are the right person to be a member of the RESNET Board of Directors**

As a Rater Provider Arcxis is aligned with RESNET's responsibilities to make the HERS Rating the gold standard for Energy Testing. Like RESNET I want to see the rating industry grow and for builders and other stakeholders to see RESNET, HERS and other RESNET products as the go to certifications in the industry. This will grow the pie for all raters increasing our opportunities. In particular, I can bring the resources of Arcxis to bear on the challenges we face in the industry to work hand in hand with RESNET, other Raters, and other providers to grow our business

**2. Why is this the right time for you to serve on the RESNET Board?**

Given the strong alignment of interests between my day job and RESNET this is the perfect time for me to continue to serve on the RESNET Board. Supporting RESNET's continuing success and the continued growth and success of our industry is one of my key focuses.

**3. Please explain your knowledge and/or experience in terms of each of the primary responsibilities of the RESNET Board**

The Board has three areas of responsibility: Strategic, Fiduciary, Governance.

Strategic--I have developed and executed strategic plans for both for and non-profit organizations and seen them through to successful execution.

Fiduciary--As a former CFO and current CEO I'm familiar with financial statements, controls, and best practices. I have served as the lead finance board member for three non-profits

Governance-- My prior board experience is directly relevant here. I understand the role of the Board relative to the staff and look to continue to build on what we have done so far at RESNET

**4. Describe your experience in either leadership and/or serving on the board of a non-profit organization.**

I have served on the RESNET Board for two years. I also have significant Board experience with other non-profit organizations as Treasurer (on three different Boards at different times) and as a Board Chair. In total across 5 different non-profit Boards I have almost 25 years of cumulative Board service.

In addition, from a leadership perspective I have been the CEO of Arcxis for 7 years

### **5. What would you contribute to the RESNET Board?**

35 years of business experience with progressively more senior leadership roles.

Significant experience on non-profit Boards

A partner in Arcxis with a National footprint and employees in 28 states (and the legislative connections and impact that can provide)

Access to the largest network of QADs and Certified Raters

A strong desire to grow RESNET and its role and influence in our industry

A clear commitment to maintaining RESNET and its ratings as the "Gold Standard"
