

WHAT IS RESNET?

RESNET was founded in 1995 as a non-profit organization to help homeowners reduce their utility bills by making their home more energy efficient.

RESNET'S MISSION

To make the energy use of all homes transparent, thereby driving residential sector energy use toward net zero.

RESNET'S GOALS

Enhance RESNET and certified RESNET HERS® Raters recognition as the **gold standard** for testing, measuring and labeling home performance.

Increase the percentage of new homes that receive a **HERS rating**.

Facilitate inclusion of **energy, water and carbon performance** into mortgage financing and real estate appraisals.

TO HELP ACHIEVE THE MISSION

RESNET CREATED AND MAINTAINS:

- ✓ The HERS Index to allow for easy comparison of energy performance of homes
- ✓ The HERS_{H2O}® Index to provide a simple, easy to compare rating on a scale of 0-100+; where lower numbers mean less water use
- ✓ The first of its kind Carbon Index® to provide a more accurate metric to measure when energy is used in a home, as well as how much can be reduced
- ✓ The online RESNET Registry of all HERS rated homes in U.S., containing the most comprehensive database of energy efficiency features of homes
- ✓ National training, certification and quality assurance standards for Home Energy Raters

SUPPORT RESNET'S MISSION AND GOALS

- 14** Team Members
- 19** Board Members
- 2900** Certified RESNET HERS Raters and Rating Field Inspectors
- 100** Quality Assurance and Training Providers
- 3.6 MILLION+** HERS Rated Homes with Over 300,000 homes added annually
