

National Buildings Registry

Ensure your HERS® rated home is entered into RESNET's National Buildings Registry to get the maximum benefit from your HERS Index Score.

Advantages of having your

HERS Rated Home in the Registry

The largest database of energy efficient homes in the U.S.

Labeled with RESNET's trademarked HERS Index Score*

The Registry is the only database of ENERGY STAR labeled homes

66

Homes can be auto-populated into real estate listings, providing the following potential benefits:

- The home's energy efficiency can be valued
- HERS Index Score can be marketed by real estate agents
- HERS Index Score can be used by appraisers in the valuation process
- The builder and all future homeowners benefit when listing the home for sale

Appraisers can value the home's energy efficiency via the RESNET/Appraisal Institute Appraiser Portal

Only homes on the Registry are subject to RESNET's robust quality assurance requirements, making the HERS energy rating the Gold Standard for energy efficient homes

Only certified RESNET HERS Raters can provide HERS energy ratings

Check to see if a home has a HERS Index Score
