

A NEW PATH TO THE FUTURE

AN INSIDE LOOK AT
#RESNET2021

INTRODUCING THE VIRTUAL 2021 RESNET BUILDING PERFORMANCE CONFERENCE

The annual RESNET Building Performance Conference is the “can’t afford to miss” event for the rating, building performance and home building industry. Due to the pandemic, this year’s conference will be held virtually.

The RESNET 2021 conference will not be the typical virtual event that you may have been exposed to.

The RESNET 2021 Conference will offer an exciting mix of live-stream events and a wide array of pre-recorded technical sessions addressing subjects of critical importance. The event will also offer fun social events including virtual morning workout classes, social hours and cocktail making classes.

This unique opportunity to learn while having fun is a must attend for the rating community and you do not want to miss it. Because it is held virtually, this year’s event is affordable for all. Bulk discounting is available so your whole company can participate and you can save even more by registering early!

WHAT IS THIS EVENT ABOUT?

2021 marks RESNET’s 20th Annual Building Performance Conference. Help us celebrate this milestone! Like every year, the RESNET Conference offers valuable information for you and your customers when it comes to the building performance industry. Raters have the opportunity to earn 18 Professional Development credits by participating. The theme for the 2021 RESNET Conference, “A New Path to the Future” is fitting with today’s reality. Our industry continues to innovate and adapt to our ever-changing environment – This is your chance to be a part of it.

WHEN IS IT HAPPENING?

February 22-24, 2021 will be the live-stream event and structured schedule. RESNET will offer a two to three hour live stream every day with engaging keynote speakers and industry updates.

Participants will also have access to a rich library of technical and educational videos to watch on demand, for the entire year! Other events like virtual morning workout classes, social hours, cocktail making classes, and more will make this a second-to-none virtual experience!
