

INTO THE FUTURE TOGETHER

#RESNET2022 BUILDING
PERFORMANCE CONFERENCE

INTO THE FUTURE TOGETHER

About RESNET

2022 marks RESNET's 21st Annual Building Performance Conference. Like every year, our priority is to offer high-caliber information from our nation's leading industry experts to further the building performance industry.

The Residential Energy Services Network (RESNET) was founded in 1995 as an independent, non-profit organization to help homeowners reduce the cost of their utility bills by making their homes more energy efficient. Based on the RESNET mission, goals and foresight for where the building performance industry is headed, we cater our annual conference to bring the most valuable information to you and your customers.

About #RESNET2022

The theme of the 2022 RESNET Conference is "Into the Future, Together". Now, more than ever, we cherish and celebrate the importance of community among the entire Residential Energy Services Network (RESNET). Our industry continues to innovate in so many ways, contributing to the future of the building performance industry. We recognize the importance of the people of RESNET, and we look forward to the many conversations, ideas, and memories that will arise from #RESNET2022, and beyond.

LEADING THE PATH TO NET ZERO CARBON HOMES

Opportunities for Raters with the IECC/HERS Code Compliance Program

Ryan Meres, RESNET

RESNET 5K

one tree
pledge

&

When you participate in this year's #RESNET5K, each dollar raised will plant 1 tree!

Here's how you can participate on your own or on a team:

- 1 Visit <https://secure.givelively.org/donate/residential-energy-services-networks-inc/resnet-5k-for-one-tree-pledge-for-3mhersandcounting/fundraisers/options> to pick your fundraising option
- 2 On your own: Create your fundraising page, share the link created with potential donors, and complete the #RESNET2022 Virtual 5k challenge (3.1 miles) while socially distancing and wearing a face covering if needed.
- 3 As a team: Create a team fundraising page and recruit coworkers, family, and friends. Or make it a friendly competition in your office! Because it's virtual, anyone from anywhere can participate. Share the custom team link provided to encourage your social networks to donate.
- 4 Remember to take a picture of you, your course, or your running time and share it on social media, and tag RESNET with the hashtag #RESNET5k.

You must complete the 5K anytime from Earth Day, April 22 to May 31, in honor of this year's virtual #RESNET2022 Building Performance Conference. So start setting your goals TODAY!

And this year, there are prizes! Anyone who participates in the fundraiser and raises at least \$1 will be entered in a drawing to win \$50. The top fundraiser from the top team will win \$100. The top fundraiser from the second-highest fundraising team will win \$75!

If you would like to donate directly without racing, visit:

<https://secure.givelively.org/donate/residential-energy-services-networks-inc/resnet-5k-for-one-tree-pledge-for-3mhersandcounting>

OVERVIEW

Keynote Speakers

MAY 3 | DAY 1 KEYNOTE PRESENTATIONS

Leading the Path to Net Zero Carbon Homes

Dominic Sims, CEO, International Code Council

International Code Council (ICC) Chief Executive Dominic Sims will cover how the ICC is leading the path to net-zero carbon homes and how the International Energy Conservation Code (IECC) is moving to achieve this goal. The ICC is the leading global source of model codes and standards and building safety solutions that include product evaluation, accreditation, technology, training, and certification.

Level Up Your Life

Keith Roberts, Oak Journal

Keith Roberts, creator of the Oak Journal, will speak on how you can be happier, creative and more productive. Most of us have the same raw materials from the moment we take our first breath of air; what separates those who achieve more than others or those who are happier is how they use and refine those raw materials. So what are you going to do with the gift of this life? Find your way by understanding your reason for being and learn the tools, structure, and discipline to start living your best life.

A Conversation with the RESNET Executive Director

Steve Baden & Emma Bennett, RESNET

RESNET Executive Director, Steve Baden, and RESNET Conference Manager, Emma Bennett, discuss a wide range of topics important to the HERS® Industry including an update on progress achieved by RESNET in 2021, the goals the RESNET Board of Directors adopted for 2022 and a peak into the future on what can be projected as tipping points in favor of the industry in the future.

OVERVIEW

Keynote Speakers

MAY 4 | DAY 2 KEYNOTE PRESENTATIONS

Energy Efficiency and the Climate Challenge

Congressman Mike Levin | *Sponsored by ICC*

Congressman Levin will cover the VA Home Loan legislation he introduced, as well as his advocacy for clean energy tax credits in the Build Back Better Legislation, the future of our nation's energy use, and efforts to combat climate change.

Work Force Development Challenges and Opportunities in the Building Industry

Branka Minic, CEO, Building Talent Foundation

The building industry and HERS companies are facing the critical challenges in terms of retaining and recruiting qualified workers. This session will explore the challenges relevant to the building of new homes, and opportunities that are available.

2022 Economic Update

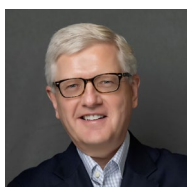

Chris Kuehl, Armada Corporate Intelligence

What does 2022 look like for the building performance industry? With many key issues at hand, such as supply chain disruptions, labor shortages, and more, a current and forward-looking analysis of trends is timely. Chirs will cover trends in residential housing, and outlook for the coming year, as well as the impact of the Ukraine/Russia conflict on the global economy and how it could impact the economy and supply chain for home builders.

MAY 5 | DAY 3 KEYNOTE PRESENTATIONS

Sustainability for Builders

Allan Merrill, CEO, Beazer Homes

This conversation between Allan Merrill, Chief Executive Officer of Beazer Homes, and Emma Bennett, RESNET Conference Manager, covers a wide range of topics important to the HERS® Industry and building performance including Beazer Homes commitment to sustainable homes, its commitment as part of its Environmental, Society and Governance (ESG) to having all their homes having a HERS® Index rating of 45 or lower by 2025.

KEYNOTE

ON-DEMAND

Video On-Demand Library

Earn Professional Development

Earn 18 RESNET professional development credits from attending and other continuing education hours through organizations like BPI and ICC!

This year, the 2022 RESNET Virtual Conference Platform makes professional development even more accessible with state-of-the-art, seamless, and straightforward Professional Development features!

You will be able to use your profile to keep track of which keynotes, general sessions, and videos-on-demand you have completed. Additionally, the platform will automatically generate and print a PDF Certificate after you have met all of the requirements.

(Note: Content requirements must be completed by July 31, 2022, for RESNET professional development purposes).

Session Categories

Sessions will be listed with knowledge levels: beginner, intermediate, and advanced, within the following categories:

- 1 Navigating Finance and Real Estate (NAV)**
- 2 Steering Energy Policy and Programs (EPP)**
- 3 The New Frontier of RESNET (RES)**
- 4 Latest in Building Science, Water Efficiency and Health (TECH)**
- 5 Business Development Strategies (BUS)**
- 6 Net-Zero Carbon Homes (NZC)**
- 7 Performance-Based Energy Codes (PERF)**
- 8 High-Performance Affordable Homes (AFF)**
