

YOUR FEES AT WORK FOR ENHANCED QUALITY ASSURANCE

Smart Investing to Amplify
RESNET[®] as the Gold Standard for
Quality Assurance in the Rating Industry

Rating fee increases scheduled for 2025 will enable RESNET to continue to enhance Quality Assurance. As a result, these efforts will lead to continued growth and a more robust program of education and accountability.

INCREASED BANDWIDTH AND CAPACITY

- 6 Proposed New Hires
- Project Manager focused on investigations
- 4 Regional Field QA Team members for Stronger Regional Presence
- QA Data Analyst

IMPROVED TECHNOLOGY

- Expanding Use of the RESNET QA and Data Analytics Tool
- Full implementation of the QA App (RESNET QA) - including integration of ENERGY STAR QA Checklist
- New Building Registry User Interface

HOW RESNET PROVIDERS/QUALITY ASSURANCE DESIGNEES (QADS) BENEFIT:

- More useful QA tools available including dashboards, and integrated federal program checklists
- More personnel to address concerns & implement changes
- Consistent messaging regarding standards
- Streamlined processes to save time
- Greater accountability & oversight to level the playing field

FOR QADS/PROVIDERS, THIS MEANS:

- Additional training & guidance
- More 1:1 time with RESNET QA staff
- No more annual QA report submittal
- More regular QA check-ins by RESNET staff

GREATER SUPPORT FOR YOUR BUSINESS

- Providing different opportunities for additional services
- Advocating for legislation that encourages HERS[®] Index & other programs
- Building better relationships with providers/QADs
