It was determined that this was not a proper issue to be addressed by the RESNET Board in that it involved a standard change which only the RESNET Standards Management Board and Standard Development Committee could address. Because of this the ballot was pulled. This would need to be addressed through a standard amendment.

**3. Probationary, RFI Mentored Ratings, and RFI Graded Field Evaluations May be Conducted Using RESNET Remote QA**

***Protocol Do you agree with RESNET staff's recommendation making this protocol be made permanent with the protocol amended to require audio in addition to video be on for the examinee, and for the webcasting program to contain an icon or visual display for the proctor to confirm that audio is in fact on for the examinee?***

It was determined that this was not a proper issue to be addressed by the RESNET Board in that it involved a standard change which only the RESNET Standards Management Board and Standard Development Committee could address.
