## RESNET HOME ENERGY RATING Standard Disclosure Instructions

The "Home Energy Rating Standard Disclosure" form shall be completed for each home that receives a Home Energy Rating and shall be provided to the rating client who is responsible to provide a copy to the home owner/buyer.

In the case of "sampling", sufficient copies shall be distributed to cover all homes in a batch. Each form must include, at a minimum, the name of the community/subdivision and city and state where the home is located.

Each form must accurately reflect the proper disclosure for the home that it is rated (i.e. it should reflect the Rater's involvement with the home at the time the final rating is issued).

For the purposes of completing this Disclosure, "Rater's employer" is defined as including any affiliate entities.
